DETAILED ACTION

Allowable Subject Matter

Claims 4-8 allowed.

The following is an examiner's statement of reasons for allowance: new claim 7 discloses the limitations of "floating a mouse cursor over a text object before any mouse click is placed in the text object", wherein the position of the cursor is determined such that if the cursor is over a paragraph, top of a line, or left of a line, the user may click-and-drag the paragraph or line to move or indent the selected text object. Such limitations, especially determining the text object to be selected based on whether the cursor is over a paragraph, top of a line, or left of a line before a mouse click, is not found in the Tou reference, or any of the cited prior art references. A further search failed to yield any relevant results.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
